

## Conifer Labels Master List - Updated Fall 2015

Note: This is a master list of our plant labels and contains some plants that for various reasons are not available for sale at this time. Please refer to the inventory list for the current season or contact us in order to check for availability of a particular plant.

### **Cedrus atlantica 'Glauca Fastigiata'** **Columnar Blue Atlas Cedar**

Plant type: Conifer  
Part sun, Drought Tolerant, 30'x6' HxW,  
Deer Resistant, rich powder blue color all year,  
wonderful vertical accent specimen plant

### **Cedrus deodora** **Deodor Cedar**

Plant type: Conifer  
Part sun, Drought Tolerant, 60'x30' HxW,  
Deer Resistant, Blue green, graceful weeping  
habit with pendulous branches

### **Cedrus deodora 'Divinely Blue'** **Divinely Blue Deodor Cedar**

Plant type: Conifer  
Part sun, Drought Tolerant, 6'x3' HxW,  
Deer Resistant, Lovely Blue color, dense foliage,  
mounded growth habit

### **Cedrus deodora 'Prostrate Beauty'** **Prostrate Beauty Deodor Cedar**

Plant type: Conifer  
Part sun, Drought Tolerant, 4'x8' HxW,  
Deer Resistant, steel blue color, dense foliage,  
weeping low mound, can train to spill over a wall  
or rock for a waterfall effect

### **Araucaria araucana** **Monkey Puzzle Tree**

Plant type: Conifer  
Sun, Medium Water, 70'x'HxW, Deer Resistant,  
This tree native to Chile is a true oddity with  
spiraling dense dark green stiff leaves arranged  
on branches which whorl around trunk in tiers,  
heavy cones, rare, **needs good drainage**

### **Cedrus atlantica 'Glauca Pendula'** **Weeping Blue Atlas Cedar**

Plant type: Conifer  
Part sun, Drought Tolerant, 3'-12' HxW,  
Deer Resistant, lovely powder blue color all year,  
prostrate pendulous form that can be staked  
upright, draped over a rock or wall like a  
waterfall, or used as a groundcover

### **Cedrus deodora 'Aurea'** **Golden Deodor Cedar**

Plant type: Conifer  
Part sun, Drought Tolerant, 30'x10' HxW,  
Deer Resistant, golden color, graceful weeping  
habit with pendulous branches

### **Cedrus deodora 'Karl Fuchs'** **Karl Fuchs Deodor Cedar**

Plant type: Conifer  
Part sun, Drought Tolerant, 50'x15' HxW,  
Deer Resistant, steel blue color, dense foliage,  
narrower form than the species

### **Cedrus libani 'Pendula'** **Weeping Cedar of Lebanon**

Plant type: Conifer  
Part sun, Drought Tolerant, 8' x 4' HxW,  
Deer Resistant, narrower form than the species  
**with sweeping pendulous branches, great  
specimen for the conifer garden**

## **Cephalotaxus harringtonia Plum Yew**

Plant type: Conifer  
Shade, Medium Water  
6'x3'HxW, Deer Resistant  
Small dark green, tree form, rare

## **Cephalotaxus harringtonia 'Drupacea' Drupacea Plum Yew**

Plant type: Conifer  
Shade, Drought Tolerant  
4'x30"HxW, Deer Resistant  
Medium shrub, Dark green loose form

## **Cephalotaxus harringtonia 'Fastigiata' Fastigiata Plum Yew**

Plant type: Conifer  
Shade, Drought Tolerant  
6'x18"HxW, Deer Resistant  
Dark green columnar form with long dark green leaves spirally arranged, Good in containers

## **Cephalotaxus harringtonia 'McCorkle' McCorkle Spreading Yew**

Plant type: Conifer  
Shade, Drought Tolerant  
3'x4'HxW, Deer Resistant  
Dark green with low spreading form, developed by McCorkle Nursery

## **Cephalotaxus harringtonia 'Watnong' Watnong Spreading Yew**

Plant type: Conifer  
Shade, Drought Tolerant  
2'x4'HxW, Deer Resistant  
Improved low spreading type, Dark green

## **Cephalotaxus harringtonia 'Bert's Augusta' Bert's Augusta Plum Yew**

Plant type: Conifer  
Shade, Drought Tolerant  
4'x4'HxW, Deer Resistant, Medium shrub, dark green loose form

## **Cephalotaxus harringtonia 'Duke Gardens' Duke Gardens Plum Yew**

Plant type: Conifer  
Shade, Drought Tolerant  
4'x30"HxW, Deer Resistant  
Dense low spreading shrub with handsome dark green leaves, ascending branches gives it a vase form, originated at Sarah P. Duke Gardens

## **Cephalotaxus harringtonia 'Korean Gold' Korean Gold Spreading Yew**

Plant type: Conifer  
Shade, Drought Tolerant  
6'x2'HxW, Deer Resistant  
Similar to Fastigiata in appearance, upright pillar shaped with bright gold colored new growth, needs a bit of sun for best gold color

## **Cephalotaxus harringtonia 'Prostrata' Spreading Yew**

Plant type: Conifer  
Shade, Drought Tolerant  
3'x4'HxW, Deer Resistant  
Low spreading shrub great for a groundcover in dry shade, tough and reliable yet lovely in texture and color

## **Cephalotaxus Koreana Korean Plum Yew**

Plant type: Conifer  
Shade, Drought Tolerant  
8'x4'HxW, Deer Resistant  
Rare outstanding type, Dark green loose form

## **Chamaecyparis obtusa 'Aurea nana' Aurea Nana False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
8'x5'HxW, Deer Resistant  
Whorled bright gold green foliage, loose cone form

## **Chamaecyparis obtusa 'Confucius' Confucius False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
8'x5'HxW, Deer Resistant  
Whorled bright creamy gold green foliage with bronze tips in winter, loose cone form

## **Chamaecyparis obtusa 'Green Fern Spray' Green Fern Spray False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
8'x4'HxW, Deer Resistant  
Medium green, open form, fern like branches

## **Chamaecyparis obtusa 'Gold Fern Spray' Gold Fern Spray False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
8'x4"HxW, Deer Resistant  
Loose fern like branches, green with gold tips

## **Chamaecyparis obtusa 'Kerdalo' Kerdalo False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
3'x3'HxW, Deer Resistant  
Irregular globe shaped form with bright creamy yellow foliage and darker tips.

## **Chamaecyparis obtusa 'Ceramic' Ceramic False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
3'x3'HxW, Deer Resistant  
Irregular globe shaped form with medium green foliage.

## **Chamaecyparis obtusa 'Crippsii' Crisppsii False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
15'x8'HxW, Deer Resistant  
Bright gold green, loose cone form

## **Chamaecyparis obtusa 'Gold Dust' Gold Dust False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
4'x4'HxW, Deer Resistant  
Green and yellow variegated, upright loose form

## **Chamaecyparis obtusa 'Kamaanihiba' Kamannihiba False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
2'x2'HxW, Deer Resistant  
Irregular upright form with stout string like golden foliage with contorted tips.

## **Chamaecyparis obtusa 'Nana Gracilis' Nana Gracilis False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
30"x18"HxW, Deer Resistant  
Medium green, upright form, whorled

## ***Chamaecyparis obtusa* ‘Nana Lutea’ Nana Lutea False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
3'x30"HxW, Deer Resistant  
Medium green, gold tips, upright form, whorled

## ***Chamaecyparis obtusa* ‘Spirited’ Spirited False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
8'x3'HxW, Deer Resistant  
Lacy gold foliage, does not burn in sun

## ***Chamaecyparis obtusa* ‘Tempelhoff’ Tempelhoff False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
3'x3'HxW, Deer Resistant  
Dark green, fine texture, loose ball

## ***Chamaecyparis obtusa* ‘Verdon’ Verdon False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
2'x1'HxW, Deer Resistant  
Small and slow growing, upright irregular pyramid form, yellow fans are somewhat whorled

## ***Chamaecyparis pisifera* ‘Devon Cream’ Devon Cream False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
7'x4'HxW, Deer Resistant  
Silver blue cone shape , very fine texture

## ***Chamaecyparis obtusa* ‘Nana Repens’ Nana Repens False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
3'x3'HxW, Deer Resistant  
Dark green, loose ball form

## ***Chamaecyparis obtusa* ‘Sunspray’ Sunspray False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
3'x3'HxW, Deer Resistant  
Bright gold green, whorled ball form

## ***Chamaecyparis obtusa* ‘Well’s Special’ Well’s Special False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
7'x4'HxW, Deer Resistant  
Dark green with reddish bark, loose upright form

## ***Chamaecyparis pisifera* ‘Boulevard’ Boulevard False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
15'x8'HxW, Deer Resistant  
Silver blue cone shape tinged purple in winter, very fine texture, this is the parent plant for the popular but smaller Devon Cream

## ***Chamaecyparis pisifera* ‘Filfera Aurea’ Gold Mop False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
'x6'HxW, Deer Resistant  
Bright green-gold, weeping cone form

## ***Chamaecyparis pisifera* ‘Gold Spangle’ Gold Spangle False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
8'x6'HxW, Deer Resistant  
Bright gold green, open upright form

## ***Chamaecyparis pisifera* ‘Snow’ Snow False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
5'x4'HxW, Deer Resistant  
Silvery green, cream tips, fine texture, ball form

## ***Chamaecyparis pisifera* ‘Tsukumo’ Tsukumo False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
4'x3'HxW, Deer Resistant  
Dark green with silver undersides, upright form

## ***Chamaecyparis thyoides* ‘Heatherbun’ Heatherbun Eastern White Cedar**

Plant type: Conifer  
Sun to Part Shade, Medium Water  
4'x4'HxW, Deer Resistant  
Soft feathery foliage is blue green in summer turning plum grey in winter color, round bun shape, cultivar of US native

## ***Cryptomeria japonica* ‘Bandai sugi’ Bandai Sugi Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
5'x 30"HxW, Deer Resistant  
Dark green, narrow upright form

## ***Chamaecyparis pisifera* ‘Shiva’ Shiva False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
6'x4'HxW, Deer Resistant  
Medium green, fine texture, upright form

## ***Chamaecyparis pisifera* ‘Squarrosa aurea’ Squarrosa aurea False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
8'x4'HxW, Deer Resistant  
Silver lemon color, fine texture, loose form

## ***Chamaecyparis pisifera* ‘Vietchi’ Vietchi False Cypress**

Plant type: Conifer  
Part Shade, Medium Water  
9'x5'HxW, Deer Resistant  
Silver blue, fine texture, loose upright form

## ***Cryptomeria japonica* ‘Araucaroides’ Araucaroides Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
15'x6'HxW, Deer Resistant  
Small tree, dark green, interesting spiky open upright form

## ***Cryptomeria japonica* ‘Benjamin Franklin’ Benjamin Franklin Jap. Cedar**

Plant type: Conifer  
Shade, Medium Water  
20'x6'HxW, Deer Resistant  
Medium green, fine foliage, upright small tree

## **Cryptomeria japonica 'Black Dragon'** **Black Dragon Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
4'x18"HxW, Deer Resistant  
Dark green, tiny attractive cones, upright form

## **Cryptomeria japonica 'Cristata'** **Cristata Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
10'x4'HxW, Deer Resistant, Dark Green foliage,  
narrow form, unusual cock's comb branch tips

## **Cryptomeria japonica 'Globosa nana'** **Globosa Nana Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
4'x4'HxW, Deer Resistant  
Bright green, ball shape, dense branching

## **Cryptomeria japonica 'Knaptonensis'** **Knaptonensis Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
2.5'x3'HxW, Deer Resistant  
Green with white tips, loose upright form

## **Cryptomeria japonica 'Lobbii Nana'** **Lobbii Nana Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
4'x2'HxW, Deer Resistant  
Medium green, dense upright form

## **Cryptomeria japonica 'Chapel View'** **Chapel View Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
8'x6'HxW, Deer Resistant  
Blue Green, Upright cone form

## **Cryptomeria japonica 'Elegans Nana'** **Elegans Nana Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
4'x3'HxW, Deer Resistant  
Green, fine texture, loose ball form, showy cones

## **Cryptomeria japonica 'Gyokuryu'** **Gyokuryu Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
8'x6'HxW, Deer Resistant  
Medium green, dense upright oval form

## **Cryptomeria japonica 'Koshui'** **Koshui Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
1'x1'HxW, Deer Resistant  
Very dwarf; rare, medium green, ball form

## **Cryptomeria japonica 'Nana Albospica'** **Albospicata Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
8'x5'HxW, Deer Resistant  
Striking white new growth, pyramidal form

**Cryptomeria japonica 'Radicans'**  
**Radicans Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
20' x 10' HxW, Deer Resistant  
Blue green foliage, pyramidal form, use as a specimen or for privacy screening

**Cryptomeria japonica 'Sekka Sugi'**  
**Sekka Sugi Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
20'x5' HxW, Deer Resistant  
Small tree with graceful arching branches

**Cryptomeria japonica 'Taiglo Tana Sugi'**  
**Taiglo Tana Sugi Jap. Cedar**

Plant type: Conifer  
Shade, Medium Water  
4'x2' HxW, Deer Resistant  
Medium green, upright habit

**Cryptomeria japonica 'Yellow Twig'**  
**Yellow Twig Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
5'x4' HxW, Deer Resistant  
Bright green with gold stems, full cone shape

**Cunninghamia lanceolata 'Konishii'**  
**Konishii China Fir Tree**

Plant type: Conifer  
Sun, Medium Water  
30'x20' HxW, Deer Resistant  
Tree form, spiky needles and upright form

**Cryptomeria japonica 'Rasen'**  
**Rasen Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
7'x30"HxW, Deer Resistant  
Dark green with spiraling stems, clusters of tiny showy cones, exotic appearance

**Cryptomeria japonica 'Spiraliter Falcata'**  
**Spiraliter Falcata Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
3'x3' HxW, Deer Resistant  
Small shrub with interesting twisted light green needles.

**Cryptomeria japonica 'Tansu'**  
**Tansu Japanese Cedar**

Plant type: Conifer  
Shade, Medium Water  
18"x24" HxW, Deer Resistant  
Dark green, fine texture, low mounding

**Cunninghamia lanceolata 'Glauca'**  
**China Fir Tree**

Plant type: Conifer  
Sun, Medium Water  
30'x20' HxW, Deer Resistant  
Blue grey needle like foliage, weeping form

**Cupressocyparis leylandii 'Silver Dust'**  
**Silver Dust Leyland Cypress**

Plant type: Conifer  
Sun, Drought Tolerant  
20'x12' HxW, Deer Resistant  
Light yellow variegated, upright cone form,  
Cupressocyparis is a hybrid of two US Natives

**Cupressus arizonica var glabra ‘Blue Ice’**

**Blue Ice Cypress**

Plant type: Conifer

Sun, Drought Tolerant

20'x10' HxW, Deer Resistant

Silver lacy green foliage, loose upright cone shape, cultivar of US native

**Cupressus arizonica var glabra ‘Gold Pyramid’**

**Gold Pyramid Cypress**

Plant type: Conifer

Sun, Drought Tolerant

15'x6' HxW, Deer Resistant

Golden light green, upright cone form, cultivar of US native

**Cupressus arizonica var glabra ‘Silver Smoke’**

**Silver Smoke Cypress**

Plant type: Conifer

Sun, Drought Tolerant

10'x4' HxW, Deer Resistant

Pure silver blue, narrow upright cone form, cultivar of US native

**Cupressus cashmeriana**

**Kashmir Cypress**

Plant type: Conifer

Sun, Drought Tolerant

60'x20' HxW, Deer Resistant

Beautiful silver colored tree with pendulous branches, native to India, may also be called Bengal Kashmir or Royal Kashmir Cypress

**Cupressus macrocarpa ‘Golden Pillar’**

**Golden Pillar Cypress**

Plant type: Conifer

Sun, Drought Tolerant

6'x3' HxW, Deer Resistant

Gold green grey, upright cone form, cultivar of US native

**Cupressus arizonica var glabra ‘Chaparrel’**

**Chaparrel Cypress**

Plant type: Conifer

Sun, Drought Tolerant

12'x4' HxW, Deer Resistant

Creamy white grey foliage is spectacular, upright cone form, cultivar of US native

**Cupressus arizonica var glabra ‘Limelight’**

**Limelight Cypress**

Plant type: Conifer

Sun, Drought Tolerant

10'x5' HxW, Deer Resistant

Compact narrow upright cone form with lovely light yellow to lime green foliage year round, cultivar of US native

**Cupressus arizonica var glabra ‘Sulfurea’**

**Sulfurea Cypress**

Plant type: Conifer

Sun, Drought Tolerant

4'x6' HxW, Deer Resistant

Rare, frosted lemon yellow over blue green foliage, dense cone shape, cultivar of US native

**Cupressus jangeensis**

**Jangeensis Cypress**

Plant type: Conifer

Sun, Drought Tolerant

20'x12' HxW, Deer Resistant

Light grey green, upright tree form

**Cupressus nootkatensis ‘Glauca Pendula’**

**Weeping Alaska Cedar**

Plant type: Conifer

Part Shade to Sun, Medium Water, 20'x5'HxW,

Deer Resistant, Unique specimen with weeping columnar narrow form, blue gray color, cultivar of US native

**Cupressus nootkatensis 'Green Arrow'**  
**Green Arrow Alaska Cedar**

Plant type: Conifer  
Part Shade to Sun, Medium Water, 20'x5'HxW,  
Deer Resistant, Unique specimen with very  
narrow form, branches grow downward close to  
the trunk like a skirt, cultivar of US native

**Ginkgo Biloba**  
**Ginkgo Tree**

Plant type: Conifer, Deciduous  
Sun, Drought Tolerant  
50'x40' HxW, Deer Resistant, unique fan shaped  
leaves, bright yellow fall color, male plants

**Juniperus chinensis 'Blue Alps'**  
**Blue Alps Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
6'x4' HxW, Deer Resistant  
Silver grey tipped green, upright spiky form

**Juniperus chinensis 'Corymbosa'**  
**Corymbosa Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
10'x6' HxW, Deer Resistant  
Bright green, interesting dense upright spiky form

**Juniperus chinensis 'Holbert'**  
**Holbert Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
20"x5' HxW, Deer Resistant  
Silver green, spiky branches, low growing  
spreader

**Cupressus sempervirens**  
**Italian Cypress**

Plant type: Conifer  
Sun, Medium Water  
40'x5' HxW, Deer Resistant  
Dark Green, Tight spire form

**Juniperus chinensis 'Angelica Blue'**  
**Angelica Blue Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
4'x5' HxW, Deer Resistant  
Light silver, spiky branches, medium ht. spreader

**Juniperus chinensis 'Blue Point'**  
**Blue Point Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
12'x8' HxW, Deer Resistant  
Blue tinted foliage, upright cone form

**Juniperus chinensis 'Hetzii columnaris'**  
**Hetz Columnar Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
10'x3' HxW, Deer Resistant  
Dark green with upright formal columnar form

**Juniperus chinensis 'Procumbens Nana'**  
**Procumbens nana Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
5'x1' HxW, Deer Resistant  
Spreading form, light green with silver tint

## **Juniperus chinensis ‘Robusta Green’ Robusta Green Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
12'x8' HxW, Deer Resistant  
Bright green with upright irregular columnar form

## **Juniperus chinensis ‘Shimpaku’ Shimpaku Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
4'x4' HxW, Deer Resistant  
Rare, green, fine texture, upright form, often used for bonsai

## **Juniperus chinensis ‘Torulosa Variegata’ Variegated Hollywood Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
10'x8' HxW, Deer Resistant  
Irregular form, variegated green and gold foliage

## **Juniperus communis ‘Berkshire’ Berkshire Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
3'x3' HxW, Deer Resistant  
Slow growing, rounded bush form, grey green foliage discovered at Arnold Arboretum

## **Juniperus communis ‘Hibernica’ Irish Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
15'x4" HxW, Deer Resistant  
Pale silver green, pillar shape

## **Juniperus chinensis ‘Saybrook Gold’ Saybrook Gold Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
3'x4' HxW, Deer Resistant  
Gold tips, bright green foliage, spreading form

## **Juniperus chinensis ‘Torulosa’ Hollywood Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
10'x8' HxW, Deer Resistant,  
Interesting irregular upright form, medium green

## **Juniperus chinensis pfitzeriana ‘Gold Lace’ Gold Lace Pfitzer Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
4'x6' HxW, Deer Resistant, Ground hugging form with dazzling gold tipped green foliage providing nice contrast with other conifers

## **Juniperus communis ‘Gold Cone’ Gold Cone Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
6'x18" HxW, Deer Resistant  
Gold tips, very dense narrow columnar form

## **Juniperus conferta ‘Blue Pacific’ Blue Pacific Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
1'x5' HxW, Deer Resistant  
Blue tinted foliage, low spreading form

**Juniperus conferta 'Silver Mist'**  
**Silver Mist Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
1'x5' HxW, Deer Resistant  
Silver tipped green color, low spreading form

**Juniperus excelsa 'Stricta'**  
**Spiny Greek Juniper**

Plant type: Conifer  
Sun, Low Water  
12'x 6' HxW, Deer Resistant  
Compact cone shape, nice blue green color,  
needles are spiny, fine texture, good specimen

**Juniperus horizontalis 'Golden Carpet'**  
**Golden Carpet Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
4"x4' HxW, Deer Resistant  
Very low growing gold colored form, may be  
more vigorous than Mother Lode, cultivar of US  
native

**Juniperus horizontalis 'Mother Lode'**  
**Mother Lode Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
4"x3' HxW, Deer Resistant, gold low ground  
hugging form, great for a spot of color in front of  
higher growing plants, cultivar of US native

**Juniperus pingii 'Wilsoni'**  
**Wilsoni Ping Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
20'x10" HxW, Deer Resistant, broad pyramidal  
form, graceful semi-weeping with pendulous  
branch tips, light green color, rare

**Juniperus deppeana 'McFeters'**  
**McFeters Alligator Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
25'x15' HxW, Deer Resistant, One of the most  
intense blue junipers, upright cone form, cultivar  
of US native

**Juniperus horizontalis 'Blue Rug'**  
**Blue Rug Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
6'x4' HxW, Deer Resistant  
Blue green, very low spreading form, cultivar of  
US native

**Juniperus horizontalis 'Lime Glow'**  
**Lime Glow Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
4"x4' HxW, Deer Resistant  
Very low growing bright lemon green colored  
form, cultivar of US native

**Juniperus horizontalis 'Youngstown Andora'**  
**Youngstown Andora Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
2'x4' HxW, Deer Resistant  
Winter color, medium green, low growing,  
cultivar of US native

**Juniperus rigida 'Hikari'**  
**Hikari Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
5'x5" HxW, Deer Resistant  
Irregular spiky form, grey green color

**Juniperus sabina ‘Blue Forest’  
Savin (or Blue Forest) Juniper**

Plant type: Conifer  
Sun, Low Water  
6' x 1' HxW, Deer Resistant  
Unique groundcover with upright fronds  
resembling a miniature blue forest

**Juniperus squamata ‘Blue Star’  
Blue Star Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
4'x2' HxW, Deer Resistant  
Striking silver blue color, dense mounded form

**Juniperus squamata ‘Meyeri’  
Meyer Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
4'x3' HxW, Deer Resistant  
Striking silver blue color, dense upright form

**Juniperus virginiana ‘Grey Owl’  
Grey Owl Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
4'x6' HxW, Deer Resistant  
Grey green, spiky branches, medium ht.  
spreader, cultivar of US Native

**Juniperus x media ‘Blue and Gold’  
Blue and Gold Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
3'x5' HxW, Deer Resistant  
Silver and yellow variegated, loose upright form

**Juniperus scopulorum ‘Moonglow’  
Moonglow Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
10'x2' HxW, Deer Resistant, narrow columnar  
shape, intense silver blue foliage, great accent  
plant or in a container, cultivar of US native .

**Juniperus squamata ‘Loderi’  
Loderi Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
6'x4' HxW, Deer Resistant  
Upright cone form, medium green blue color

**Juniperus virginiana ‘Brodie’  
Brodie Juniper**

Plant type: Conifer  
Sun, Low Water  
20'x 6' HxW, Deer Resistant  
Upright cone shape, attractive bright green  
color, good for screening, cultivar of US native

**Juniperus virginiana ‘Hancock Weeping’  
Hancock Weeping Juniper**

Plant type: Conifer  
Sun, Low Water  
20'x 10' HxW, Deer Resistant, Introduced by  
Woodlanders Nursery from a juniper found in  
Hancock County, GA, Upright loose weeping  
shape, cultivar of US native

**Juniperus x media ‘Daub’s Frosted’  
Daub’s Frosted Juniper**

Plant type: Conifer  
Sun, Drought Tolerant  
2'x5' HxW, Deer Resistant  
Gold tipped medium green, low growing spreader

## **Keteleeria davidiana**

### **Chinese Keteleeria**

Plant type: Conifer

Sun, Drought Tolerant

20' H, Deer Resistant, specimen evergreen with broad upright habit, dark green needles, grey fissured flaking bark, large attractive cones

## **Metasequoia glyptostroides 'Ogon'**

### **Ogon Dawn Redwood**

Plant type: Conifer

Sun, Regular Water

20' H, Deer Resistant

Deciduous, green gold foliage, needs moist soil

## **Picea orientalis**

### **Oriental Spruce**

Plant type: Conifer

Sun, Drought Tolerant

90x30 HxW, Deer Resistant

Slow growing becoming a large tree, a spruce that is suited to our warm, dry summers, very lovely shape and dark green color.

## **Pinus densiflora 'Pendula'**

### **Weeping Japanese Red Pine**

Plant type: Conifer

Sun, Low Water, 4'x 6' HxW, Deer Resistant,

Slow growing specimen, can be grown as a low groundcover, draped over a wall with branches cascading downward, or staked with branches weeping, dark green needles (to 4" long).

## **Pinus strobus 'Pendula'**

### **Weeping White Pine**

Plant type: Conifer

Sun, Low Water, 15'x 15' HxW, Deer Resistant,

Slow growing, gracefully weeping form with silver blue green needles, attractive oblong cones, cultivar of US native

## **Metasequoia glyptostroides**

### **Dawn Redwood**

Plant type: Conifer

Sun, Drought Tolerant

90' H, Deer Resistant, Deciduous, ancient tree, China native, green gold color

## **Microbiota decussata**

### **Siberian Cypress**

Plant type: Conifer

Shade, Medium Water

1'x5' HxW, Deer Resistant, Light green turning copper in winter, low spreading form with fern like appearance

## **Pinus bungeana**

### **Lacebark Pine**

Plant type: Conifer

Sun, Low Water

50'x 30' HxW, Deer Resistant, Slow growing, long lived, unique bark flakes like a sycamore exposing creamy white under surface below

## **Pinus palustris**

### **Longleaf Pine**

Plant type: Conifer

Sun, Low Water, 80'x 35' HxW, Deer Resistant,

once the dominant native pine of the SE Coastal plains but now greatly reduced due to human activity, long lived & large trees, needles are 12" long, young plants resemble clumps of grass

## **Pinus strobus 'Torulosa'**

### **Twisted White Pine**

Plant type: Conifer

Sun, Low Water, 15'x 15' HxW, Deer Resistant,

Slow growing, interesting contorted form with silver blue green needles, attractive oblong cones, cultivar of US native

**Pinus sylvestris ‘Hillside Creeper’  
Hillside Creeper Scotch Pine**

Plant type: Conifer  
Sun, Low Water, 2'x 8' HxW, Deer Resistant, Slow growing, prostrate spreading form with light green needles which have an attractive yellow green winter color, cultivar of US native

**Pinus thunbergii ‘Ogon’  
Golden Japanese Black Pine**

Plant type: Conifer  
Sun, Low Water  
20'x 20' HxW, Deer Resistant, More compact growing than the species, dense gold needles make this pine a garden stand out!

**Podocarpus macrophyllus maki  
Shrubby Yew Pine**

Plant type: Conifer  
Part Sun to Shade, Low Water  
8'x 4' HxW, Deer Resistant, Shiny Dark Green Foliage, Dense upright form, good for a narrow screen planting, can also espalier or prune to a clipped hedge

**Sciadopitys verticillata  
Japanese Umbrella Pine**

Plant type: Conifer  
Part Shade, Medium Water  
25' x15' HxW, Deer Resistant  
Slow growing and long lived small tree grown as an unusual accent or specimen, dark green glossy needles, 2-4" cones

**Taxodium distichum  
Bald Cypress**

Plant type: Conifer, Deciduous  
Sun, Drought Tolerant, 50'-75'x20'-30' HxW, Deer Resistant, Native tree tolerant of wet or dry conditions, wonderful copper orange fall color

**Pinus thunbergii ‘Nishiki’  
Corkbark Japanese Black Pine**

Plant type: Conifer  
Sun, Low Water  
20'x 20' HxW, Deer Resistant, Slow growing, rare corking bark, use as specimen, irregular spreading form often used for bonsai

**Pinus thunbergii ‘Thunderhead’  
Thunderhead Japanese Black Pine**

Plant type: Conifer  
Sun, Low Water, 10'x 15' HxW, Deer Resistant, Slow growing, irregular shrubby form resembling a thunderhead cloud, has showy white winter buds and attractive spring candles

**Pseudolarix amabilis  
Golden (or False) Larch**

Plant type: Conifer, Deciduous  
Sun, Low Water  
60'x 40' HxW, Deer Resistant  
See a wonderful specimen of this tree in our sun conifer garden, spectacular gold fall color

**Taiwania cryptomeriodes  
Taiwan Japanese Cedar**

Plant type: Conifer  
Sun to part Shade, Medium Water  
25-50' x 20' HxW, Deer Resistant  
Dark green, fine texture, important timber tree in Japan and Taiwan, unique garden specimen

**Taxodium distichum ‘Falling Waters’  
Falling Waters Bald Cypress**

Plant type: Conifer, Deciduous  
Sun, Drought Tolerant  
15'x10' HxW, Deer Resistant  
Graceful weeping form, copper fall color, cultivar of US native

**Taxodium distichum 'Peve Minaret'**  
**Dwarf Bald Cypress**

Plant type: Conifer, Deciduous  
Sun, Drought Tolerant  
6'x3' HxW, Deer Resistant  
Dwarf, Columnar form, copper fall color, cultivar of US native

**Taxus x media**  
**Southern Yew**

Plant type: Conifer  
Shade, Medium Water  
20' H, Deer Resistant, Found in an old South Georgia nursery near Florida

**Thuja Koraiensis**  
**Korean Arborvitae**

Plant type: Conifer  
Shade to Part shade, Medium Water  
4x30" HxW, Deer Resistant  
Silver blue, loose upright shape

**Thuja occidentalis 'DeGrout's Spire'**  
**DeGrout's Spire Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
10'x 4' HxW, Deer Resistant  
Medium green columnar shape, great in containers, cultivar of native species

**Thuja occidentalis 'Filiformis'**  
**Threadleaf Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
8'x4' HxW, Deer Resistant  
Green gold color, thread like pendulous branches, cultivar of native species

**Taxus floridana**  
**Florida Yew**

Plant type: Conifer  
Shade, Medium Water  
20' H, Deer Resistant, Small tree, Florida native of Apalachicola River Bluff, rare

**Taxus x media 'Viridis'**  
**Viridis Yew**

Plant type: Conifer  
Shade, Medium Water  
5' H x 1.5, Deer Resistant, Dense fastigate form with nice medium to light green color, great vertical accent plant for shade.

**Thuja occidentalis 'Danica'**  
**Danica Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
4'x4' HxW, Deer Resistant  
Medium green dense ball shape, cultivar of native species

**Thuja occidentalis 'Emerald'**  
**Emerald Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
15'x 4' HxW, Deer Resistant  
Green columnar shape, cultivar of native species

**Thuja occidentalis 'Golden Globe'**  
**Golden Globe Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
3'x3' HxW, Deer Resistant  
Nice golden yellow color, ball shape, cultivar of native species

## **Thuja occidentalis 'Hetz Midget'** **Hetz Midget Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
30 "x30" HxW, Deer Resistant  
Medium green, ball shape, cultivar of native species

## **Thuja occidentalis 'Little Giant'** **Little Giant Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
4'x4' HxW, Deer Resistant  
Rich green color, ball shape, cultivar of native species

## **Thuja occidentalis 'Ohlendorffii'** **Ohlendorf Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
5'x5' HxW, Deer Resistant  
Curious specimen shrub with an irregular globe form featuring interesting whipcord like new growth, cultivar of native species.

## **Thuja occidentalis 'Rheingold'** **Rheingold Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
4'x4' HxW, Orange gold tint, changes color seasonally, loose ball form, cultivar of native species

## **Thuja occidentalis 'Sunkist'** **Sunkist Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
5'x4' HxW, Deer Resistant  
Green gold, upright oval shape, cultivar of native species

## **Thuja occidentalis 'Linesville'** **Linesville Bowling Ball Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
4'x4' HxW, Deer Resistant  
Blue grey, ball shape, cultivar of native species

## **Thuja occidentalis 'Malonyana'** **Malonyana Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
30'x6' HxW, Deer Resistant  
Medium green foliage, tall dense columnar shape, cultivar of native species

## **Thuja occidentalis 'Pumila Sudsworth'** **Pumila Sudsworth Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
10'x5' HxW, Deer Resistant  
Gold green, conical, one of the best for South, cultivar of native species

## **Thuja occidentalis 'Sherwood Moss'** **Sherwood Moss Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
4'x4' HxW, Deer Resistant  
Fine textured, grey green, oval ball shape, cultivar of native species

## **Thuja occidentalis 'Teddy'** **Teddy Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
1.5'x1' HxW, Deer Resistant  
Petite ball form ,medium green, fine texture, cultivar of native species

## **Thuja occidentalis 'Yellow Ribbon'** **Yellow Ribbon Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
8'x4' HxW, Deer Resistant  
Gold green, cone shape, cultivar of native species

## **Thuja orientalis 'Blue Cone'** **Blue Cone Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
5'x3' HxW, Deer Resistant  
Blue green, cone shape

## **Thuja plicata 'Zebrina Extra Gold'** **Extra Gold Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
8'x10' HxW, Deer Resistant  
Attractive gold foliage has coppery cast in spring turning to harvest gold in fall, dense cone shape, cultivar of native species

## **Thujopsis dolabrata** **False Arborvitae**

Plant type: Conifer  
Heavy Shade, Medium Water  
4'x4' HxW, Deer Resistant  
Deep green with silver undersides, loose upright

## **Thujopsis dolabrata 'Variegata'** **Variegated False Arborvitae**

Plant type: Conifer  
Shade, Medium Water  
4'x4' HxW, Deer Resistant  
White and green variegated, very loose upright

## **Thuja orientalis 'Berckmans Golden'** **Berckmans Golden Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
6'x5' HxW, Deer Resistant  
Bright gold green, pointed formal cone shape

## **Thuja orientalis 'Morgan'** **Morgan Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
5'x3' HxW, Deer Resistant  
Green, tight cone shape, copper winter color

## **Thuja plicata 'Green Giant'** **Green Giant Arborvitae**

Plant type: Conifer  
Sun, Medium Water  
60'x15' HxW, Deer Resistant  
Green upright cone shape, good for screening, cultivar of native species

## **Thujopsis dolabrata 'Aurea'** **Golden False Arborvitae**

Plant type: Conifer  
Heavy Shade, Medium Water  
4'x4' HxW, Deer Resistant  
Golden green color, loose upright

## **Torreya californica** **California Torreya**

Plant type: Conifer  
Shade, Medium Water  
30'-90'x20' HxW, Deer Resistant,  
California native, large tree, plumlike fruit with a brown seed that resembles nutmeg

**Torreya taxifolia**  
**Florida Torreya, Stinking Yew**

Plant type: Conifer  
Shade, Medium Water  
15'x10' HxW, Deer Resistant, Endangered/rare  
native to N. Florida along Apalachicola River,  
small tree

**Tsuga canadensis 'Golden Splendor'**  
**Golden Splendor Hemlock**

Plant type: Conifer  
Shade, Medium Water  
4'x4' HxW, Deer Resistant  
New growth is gold, medium green, loose  
upright, cultivar of US native

**Tsuga canadensis 'Jeddoloh'**  
**Jeddoloh Hemlock**

Plant type: Conifer  
Shade, Medium Water  
3' x 3' HxW, Deer Resistant  
Dwarf, mounded form, medium green, cultivar of  
US native

**Tsuga canadensis 'Sargent's Weeping'**  
**Sargent's Weeping Hemlock**

Plant type: Conifer  
Shade, Medium Water  
4'x4' HxW, Deer Resistant  
Weeping form, medium green, cultivar of US  
native

**Tsuga canadensis 'Gentsch White'**  
**Gentsch White Hemlock**

Plant type: Conifer  
Shade, Medium Water  
10' x 6' HxW, Deer Resistant  
Globe form, creamy white new growth, cultivar  
of US native

**Tsuga canadensis 'Jacquelin Verkade'**  
**Jacquelin Verkade Hemlock**

Plant type: Conifer  
Shade, Medium Water  
3' x3' HxW, Deer Resistant  
Soft ball form, velvet texture, medium green,  
cultivar of US native

**Tsuga canadensis 'Kingsville Spreader'**  
**Kingsville Spreader Hemlock**

Plant type: Conifer  
Shade, Medium Water  
2'x4' HxW, Deer Resistant  
Low creeping form, medium green, cultivar of US  
native
