HELLEBORE DAYS

Hellebore Days are held the first weekend in March (Friday and Saturday, 9:00 am to 4:00 pm) coinciding with the opening of our spring retail season. Come to purchase hybrid varieties and special colors of Lenten Roses (Hellebores) while they are in bloom. Also enjoy thousands of Lenten Roses and spring flowers planted in the gardens of Piccadilly Farm. We offer a special guided tour of the Hellebore Gardens at 11:00 am on Friday and Saturday during Hellebore Days so that you can learn more about growing this wonderful plant in your own garden. Piccadilly Farm began holding Hellebore Days in 1992 and was the first nursery in the United States to have a special festival to celebrate Hellebores. Free refreshments are served as part of this event.

FALL IN LOVE WITH CONIFERS WEEKEND

Conifer Weekend(s) are held during the fall. The dates vary due to scheduling around the University of Georgia football season. Please visit our website for the exact dates. Special pricing will be offered on select conifers. Join us for a guided conifer garden tour at 11:00 am on Saturday. We hope that you too will "fall in love with Conifers" when you explore our lovely conifer gardens and learn about the many exciting and beautiful varieties of conifers that can be grown in Southern gardens. Enjoy free refreshments while attending this event.
