Geranium maculatum
Crane’s Bill Geranium

Plant Type: Perennial
Part shade to sun, Medium Water
1.5'x1.5' HxW, Deer Tolerant, Native, will naturalize in ideal conditions, forms nice clumps of foliage, pink to lilac flowers

Helleborus argutifolius
Corsican Hellebore

Plant Type: Hellebore
Shade, Low Water
3'x3' HxW, Deer Resistant, This is a taller growing hellebore, interesting leathery leaves on stout stems, pale green cup shape flowers in clusters

Helleborus niger ‘Jacob’
Jacob Christmas Rose

Plant Type: Hellebore
Shade, Low Water
1'x 1' HxW, Deer Resistant, Lovely pure white flowers on burgundy stems blooms December to January, dark evergreen foliage

Eupatorium coelestinum
Wild Ageratum

Plant Type: Perennial
Part shade to sun, Medium Water
2'x2' HxW, Deer Tolerant
Fuzzy blue flowers in late summer to fall, native, spreads, attracts butterflies

Euphorbia characias ‘wulfenii’
Mediterranean Spurge

Plant Type: Perennial
Sun, Low Water, 2'x2' HxW, Deer Resistant, growing along the nursery entrance, this plant is a customer favorite, wonderful blue green foliage and long lasting lovely chartreuse flowers

Hedychium coronarium
White Ginger Lily

Plant Type: Perennial
Part shade to sun, Medium Water
5'x2' HxW, Deer Tolerant
Long green leaves, large fragrant white flower, attracts hummingbirds

Helleborus foetidus
Bear’s Foot / Stinking Hellebore

Plant Type: Hellebore
Shade, Low Water
1.5'x 1.5' HxW, Deer Resistant, Lovely fine textured palmate evergreen leaves ,showy chartreuse bloom clusters in early spring

Helleborus x ballardiae ‘Merlin’
Merlin Hellebore

Plant Type: Hellebore
Shade, Low Water
1.5'x 2' HxW, Deer Resistant, deep green leaves with lighter veins and plum colored stems, light to medium pink blooms age to rich dark burgandy

Helleborus x ericsmithii ‘Champion’ Champion (Winter Bliss) Hellebore

Plant Type: Hellebore

Shade, Low Water

1.5'x 2' HxW, Deer Resistant, Niger hybrid with leathery evergreen leaves, white out-facing flowers with pink reverse, blooms in late winter

Helleborus x hybridus Purple Flowered Lenten Rose

Plant Type: Hellebore

Shade, Low Water

1.5'x1.5' HxW, Deer Resistant, Large palmate evergreen leaves, these purple flowered plants have been hand selected from blooming stock

Helleborus x hybridus ‘Berry Swirl’ Berry Swirl Lenten Rose

Plant Type: Hellebore

Shade, Low Water, 1.5'x1.5' HxW, Deer Resistant
Double flowers are a mix of berry colored shades of pink and rose with a darker colored edge, this one deserves a special place in your garden

Native, White bell shaped flowers on arching
branches

Rohdea japonica
Nippon or Sacred Lily

Plant Type: Rohdea
Shade, Drought Tolerant
1.5'x1.5' HxW, Deer Resistant
Dark green upright evergreen, showy red fruit

Rohdea japonica ‘Chirima Boshi’
Chirima Boshi Nippon Lily

Plant Type: Rohdea
Shade, Low Water, 1.5'x1.5' HxW, Deer Resistant
Ruffled leaves with white edges, showy red fruit

Rohdea japonica ‘Piccadilly Ruffles’
Piccadilly Ruffles Nippon Lily

Plant Type: Rohdea
Shade, Low Water, 1.5'x1.5' HxW, Deer Resistant
Leaves have unique ruffled ridges, showy red fruit

Rudbeckia fulgida 'Goldsturm'

Goldsturm Black Eyed Susan

Plant Type: Perennial

Sun to Part Shade, Low Water

2'x2' HxW, Deer Tolerant

Bright gold flowers with deep brown cone from July through September, attracts hummingbirds and butterflies, native

Sanguinaria canadensis

Blood Root

Plant Type: Perennial

Shade to part shade, Medium Water

8"x8" HxW, Deer Tolerant

Basal leaf cluster with small white flowers with yellow centers, Native

Saxifraga tomentosa 'Galle'

Galle Strawberry Begonia

Plant Type: Perennial

Shade, Medium Water

1'x1' HxW, Deer Tolerant

White flowers on pink stalks, leaves have white veins

Senecio aurea

Golden Ragwort or Senecio

Plant Type: Perennial

Shade to part shade, Medium Water

1'x1' HxW, Deer Tolerant, Native, spreads to form dense mats of heartshaped dark green leaves, bright yellow flowers in late spring/early summer, combines well with other woodland plants

Sisyrinchium angustifolium 'Lacerne'

Blue Eyed Grass

Plant Type: Perennial

Sun to part shade, Medium Water

1'x1.5' HxW, Deer Tolerant

Narrow grasslike dark green leaves with attractive star shaped blue flowers in late spring, native

Rudbeckia laciniata 'Autumn Sun'

Autumn Sun Cutleaf Coneflower

Plant Type: Perennial

Sun to Part Shade, Low Water, 6' x 3' HxW, Deer

Tolerant, Bright gold flowers with green cones summer to fall, tall accent for back of border, attracts hummingbirds & butterflies, native

Saxifraga tomentosa

Strawberry Begonia

Plant Type: Perennial

Shade, Medium Water

1'x1' HxW, Deer Tolerant

White flowers on pink stalks, leaves have white veins

Saxifraga umbrosa

Green Saxifraga

Plant Type: Perennial

Shade, Medium Water

1'x1' HxW, Deer Tolerant

White flowers, green leaves, rare

Silene caroliniana 'Short and Sweet'

Short and Sweet Wild Pinks

Plant Type: Perennial

Sun to part shade, Medium Water

1'x1' HxW, Deer Tolerant, This is a great native substitute for dianthus (pinks), long blooming with bright pink flowers in late spring, hardy and tolerant of many garden conditions, naturalizes.

Solidago sphacelata 'Golden Fleece'

Golden Fleece Goldenrod

Plant Type: Perennial

Sun to part shade, Medium Water

2'x2' HxW, Deer Tolerant

Native, fall flowering with showy gold blooms, semi-evergreen heart shaped leaves, good groundcover for part shade, native

Stylophorum dipyllum

Yellow Wood Poppy

Plant Type: Perennial

Shade, Medium Water

18"x18" HxW, Deer Tolerant

Poppy-like yellow flowers in spring, good shade groundcover, lovely native wildflower that combines well with woodland plantings

Tradescantia virginiana 'Snow Cap'

Snow Cap Spiderwort

Plant Type: Perennial

Sun to part shade, Medium Water

HxW, Deer Tolerant

Grey green grasslike foliage, white flowers, spreads, native cultivar

Tricyrtis hirta

Japanese Toad Lily

Plant Type: Perennial

Sun to part shade, Medium Water

2'x1.5' HxW, Deer Tolerant

Orchid like white flowers with magenta spots in fall, does great in containers where arching stems can fall over the edges

Trillium sessile

Toadshade Trillium or Wake-robin

Plant Type: Perennial

Shade to part shade, Medium Water

1'x1' HxW, Deer Tolerant, spring native wildflower, single maroon red stalkless flower is nestled on top of the three leaves which are often mottled with shades of light and dark green

Veronica spicata 'Red Fox'

Red Fox Veronica

Plant Type: Perennial

Sun to part sun, Medium Water

1'x2' HxW

Violet Blue flower spikes from early summer until frost, low growing dense foliage

Tiarella cordifolia 'Happy Trails'

Happy Trails Foamflower

Plant Type: Perennial

Shade to part shade, Medium Water

1'x2' HxW

Native, evergreen, white flower stalks, great vigorous running groundcover for a woodland garden

Tradescantia virginiana 'Sweet Kate'

Sweet Kate Spiderwort

Plant Type: Perennial

Sun to part shade, Medium Water

1.5'x1.5' HxW, Deer Tolerant

Lime green grasslike foliage, purple flowers, spreads, good in containers, native cultivar

Tricyrtis hybrid 'Sinome'

Japanese Toad Lily

Plant Type: Perennial

Sun to part shade, Medium Water

2'x1.5' HxW, Deer Tolerant

Orchid like creamy white flowers with burgandy tones in fall, does great in containers where arching stems can fall over the edges

Verbena canadensis 'Homestead Purple'

Homestead Purple Verbena

Plant Type: Perennial

Sun, Low Water

1'x2' HxW, Deer Tolerant

Vigorous low spreading form, deep purple flowers from June to November with deep green foliage, attracts butterflies

FERNS

Athyrium nipponicum 'Pictum'

Japanese Painted Fern

Plant Type: Fern

Shade, Medium Water,

1.5'x1.5' HxW, Deer Resistant

2004 perennial plant of year, tricolored fronds of silver, green and rose, deciduous, spreads

Dryopteris erythrosora

Autumn Fern

Plant Type: Fern

Shade, Medium Water,

2'x2'HxW, Deer Resistant

Evergreen, new growth pink, copper & yellow, green in summer, brown in fall, native

Osmunda cinnamomea

Cinnamon Fern

Plant Type: Fern

Part Shade, Medium Water, to sun

4'x2'HxW, Deer Resistant

Deciduous, showy cinnamon brown spores, good fall color- yellow/orange, native

Selaginella braunii

Arborvitae Fern

Plant Type: Fernlike

Shade, Medium Water,

1'x1.5"HxW, Deer Resistant

Not a true fern, clumping form with green leathery fernlike leaves

Selaginella willdenavii

Peacock Fern

Plant Type: Fernlike

Shade, Medium Water,

3"x1.5"HxW, Deer Resistant

Low climber, plum to metallic, green lacy leaves with blue color

Cyrtomium fortunei

Fortune's Cold Hardy Holly Fern

Plant Type: Fern

Shade, Medium Water,

3'x3'HxW, Deer Resistant

Large dark green glossy, leathery leaves, evergreen

Dryopteris marginalis

Marginal Wood or Leather Wood Fern

Plant Type: Fern

Shade, Medium Water,

2.5'x2.5'HxW, Deer Resistant

Evergreen, attractive leathery fronds are bluish green, native and hardy

Polystichum acrostichoides

Christmas Fern

Plant Type: Fern

Shade, Medium Water,

1.5'x1.5'HxW, Deer Resistant

Native, evergreen, dark green stiff leaves

Selaginella kraussiana

Krauss's Spikemoss

Plant Type: Fernlike

Shade, Medium Water,

3"x1'HxW, Deer Resistant, Not a true fern, bright green moss like foliage

Thelypteris kunthii

Southern River or Widespread Maiden Fern

Plant Type: Fern

Shade, Medium to low Water,

3'x3'HxW, Deer Resistant

SE Native, tolerates moist or dry soils and more sun than most ferns, spreads to form a colony

GRASSES

Acorus gramineus 'ogon' **Ogon Golden Variegated Japanese Sweet Flag**

Plant Type: Grass
Shade to Sun, High Water
12"x12" HxW, Deer Tolerant, Good ground cover - will control erosion, chartreuse grass-like foliage

Carex conica 'Marginata' **Dwarf Variegated Sedge**

Plant Type: Grass
Shade to Sun, Medium Water
6"x12" HxW, Deer Tolerant
Very narrow dark green blades with white edges, fine texture

Carex morrowii 'Ice Dance' **Ice Dance Variegated Sedge**

Plant Type: Grass
Shade to Sun, Medium Water
12"x12" HxW, Deer Tolerant
Medium green with white edges, blades 1/4" wide, medium texture

Chasmanthium latifolium **Northern Sea Oats**

Plant Type: Grass
Sun to Part shade, Low Water
3'x3" HxW, Deer Tolerant
Native plant, blue green foliage, white oat flowers in late summer, winter interest

Acorus gramineus 'minimus aureus' **Dwarf Japanese Sweet Flag**

Plant Type: Grass
Shade to Sun, High Water
4"x4" HxW, Deer Tolerant
Good in containers and as a ground cover, chartreuse grass-like foliage

Calamagrostis acutiflora 'Avalanche' **Avalanche Feather Reed Grass**

Plant Type: Grass
Sun, Medium Water
4'-5'x2' HxW, Deer Tolerant, Native, Arching green blades with white stripes, white flowers, great specimen or mass planting, gold fall color

Carex flauca 'Blue Zinger' **Blue Zinger Sedge**

Plant Type: Grass
Shade to Sun, Medium Water
12"x12" HxW, Deer Tolerant
Elegant weeping silver blue foliage, spreads for a great groundcover, nice specimen for containers

Carex morrowii 'Evergold' **Evergold Japanese Sedge**

Plant Type: Grass
Shade to Sun, Medium Water
6"x12" HxW, Deer Tolerant
Dramatic weeping effect, narrow white with green edged blades

Juncus effesus 'Big Twister' **Big Twister Corkscrew Rush**

Plant Type: Grass
Part Shade to Sun, High to Medium Water
18"x12" HxW, Deer Tolerant
Unique twisted shape makes this a great accent plant for a container or can be grown as a marginal plant at edge of a pond, spreads, native cultivar

Liriope spicata

Creeping Lily Turf

Plant Type: Grass

Shade to Part Sun, Medium Water

10"x12" HxW, Deer Tolerant

Dark evergreen leaves with pale lavender flowers, spreads to form a dense groundcover great filler for tough spots in the garden

Ophiopogon japonicus 'nana'

Dwarf Mondo Grass

Plant Type: Grass

Shade to Sun, Medium Water

3"x6" HxW, Deer Tolerant

Dark grass like foliage, spreads to a low mat, can take some foot traffic as a lawn substitute, can be used in between stepping stones

Panicum virgatum 'Northwind'

Northwind Switch Grass

Plant Type: Grass

Sun, Low Water

6'x2' HxW, Deer tolerant, Native, Striking steel blue foliage and columnar form, 2014 Perennial Plant Association "Plant of Year", wonderful airy flowers last into winter, drought tolerant

Mulhenbergia capilaris

Pink Muhly Grass

Plant Type: Grass

Sun, Low Water

3'x3' HxW, Deer tolerant, Native

Fine green grey foliage topped by lovely airy pink flower plumes in the fall, great in single clumps or in mass planting, drought tolerant

Agave americana

Century Plant

Plant Type: Succulents

Sun, Low Water, 6'x6' HxW, Deer Resistant, Give this specimen room to grow, thick blue grey leaves with spiny edges, bloom stalks produced after 10 plus years are something to behold!

Ophiopogon jaburan

Curly White Flowering Mondo Grass

Plant Type: Grass

Shade to Sun, Med. Water, 2'x2' HxW, Deer

tolerant, Dark green, curved foliage, large white flowers, attractive violet blue fruit, forms a large clump, sometimes called Liriope gigantea

Ophiopogon planiscapus 'Nigrescens'

Black Mondo Grass

Plant Type: Grass

Shade to Sun, Med. Water, 6"x6" HxW, Deer

tolerant, Black grass-like foliage, black fruit, spreads, good color accent for containers and as a nice color contrast for bright colored perennials

Panicum virgatum 'Shenandoah'

Shenandoah Switch Grass

Plant Type: Grass

Sun, Low Water

3'x2' HxW, Deer tolerant, Native

Green foliage turning deep red by mid-summer, airy wheat colored flowers provide nice late summer and fall interest, drought tolerant

SUCCULENTS

Delsperma cooperii

Ice Plant

Plant Type: Succulents

Sun, Low Water

6"x1' HxW, Deer Resistant

Tubular leaves, rose pink flowers all summer to fall, forms a dense mat and is great in containers

Delsperma nubigenum 'Basutoland'

Yellow Ice Plant

Plant Type: Succulents

Sun, Low Water

6"x1' HxW, Deer Resistant, Bright yellow flowers all summer, jellybean like foliage, needs good drainage, makes a good groundcover

Eryngium yucciflorum

Rattlesnake Master

Plant Type: Succulents

Sun, Low Water

4'x2' HxW, Deer Resistant

Stiff yucca like leaves, grey green color, stalks of unusual whitish ball shaped flowers, US native

Heseraloe parviflora

Red Yucca

Plant Type: Succulents

Sun, Low Water

3'x3' HxW, Deer Resistant

Spiky green grey foliage, red flowers similar to a yucca are very striking, US Native species

Opuntia cacanapa 'Thornless Prickly Pear'

Thornless Prickly Pear Cactus

Plant Type: Succulents

Sun, Low Water

5'x5' HxW, Deer Resistant

Large, round, grey-green, mickey mouse ears, has no thorns to prickle you, **US Native**

Opuntia species 'Piccadilly Yellow'

Piccadilly Yellow Cactus

Plant Type: Succulents

Sun, Low Water

6"x2' HxW, Deer Resistant

Medium green color, low growing native found on the farm, large yellow flowers are very showy

Eryngium agavifolium

Agave-leaved Sea Holly

Plant Type: Succulents

Sun, Low Water

3'x2' HxW, Deer Resistant

Evergreen bright green leaves grow in rosettes with an agave-like appearance and the white pom-pom flowers also provide interest, great for dry gardens

Euphorbia characias 'wulfenii'

Mediterranean Spurge

Plant Type: Succulents

Sun, Low Water, 2'x2' HxW, Deer Resistant, growing along the nursery entrance, this plant is a customer favorite, wonderful blue green foliage and long lasting lovely chartreuse flowers

Opuntia cacanapa 'Prickly Pear'

Prickly Pear Cactus

Plant Type: Succulents

Sun, Low Water

5'x5' HxW, Deer Resistant

Large, round, grey-green, mickey mouse ears with sharp thorns, interesting garden specimen, US Native

Opuntia species 'Jade Tree'

Jade Tree Cactus

Plant Type: Succulents

Sun, Low Water

5'x3' HxW, Deer Resistant, Grey green color, Upright form covered in fuzzy white thorns in star shaped clusters, pretty magenta flowers, US native

Sedum hybrid 'Cherry Tart'

Cherry Tart Stonecrop

Plant Type: Perennial

Sun, Low Water

6"x 12" HxW, Deer Tolerant, compact growth habit with bright pink 5" diameter flower heads contrasting with cherry red leaves. Outstanding!

Sedum hybrid 'John Creech'

John Creech Stonecrop

Plant Type: Perennial

Sun, Low Water, 6"x 18" HxW, Deer Tolerant, hardy groundcover with scalloped shiny green leaves and rose pink flowers, great for between stepping stones or other tough spots

Sedum kamtschaticum

Kamtschaticum Stonecrop

Plant Type: Succulents

Sun, Low Water

8"x1' HxW, Deer Resistant

Grown for attractive bright green leaves and has yellow flowers during the summer

Sedum sieboldii 'October Daphne'

October Daphne Stonecrop

Plant Type: Succulents

Sun, Low Water

8"x1.5' HxW, Deer Resistant, Round blue green leaves with pink margins and matching flowers, foliage turns pink, red, yellow & orange in fall

Sedum spurium 'Blue Spruce'

Blue Spruce Stonecrop

Plant Type: Succulents

Sun, Low Water

6" x 12" HxW, Deer Resistant

Conifer like striking pale silver blue leaves, great in a conifer garden, containers or rock gardens

Sedum spurium 'Tri-Color'

Tricolor Stonecrop

Plant Type: Succulents

Sun, Low Water

6-8" HxW, Deer Resistant

Variegated leaves are a mix of white, pale green and red for a festive look in the garden

Sedum hybrid 'Lemon Ball'

Lemon Ball Stonecrop

Plant Type: Perennial

Sun, Low Water

6"x 12" HxW, Deer Tolerant, compact growth habit with bright yellow green foliage and yellow flowers, looks good enough to eat!

Sedum rupestre 'Angelina'

Angelina Stonecrop

Plant Type: Succulents

Sun, Low Water, 4"x1' HxW, Deer Resistant

Bright green leaves turning striking red orange gold in winter, yellow flowers, nice draping over edges of containers

Sedum spectabile 'Neon'

Neon Stonecrop

Plant Type: Succulents

Sun, Low Water

1.5'x1.5' HxW, Deer Resistant, Lime green leaves, hot pink flower clusters, attracts butterflies and bumblebees, one of our favorites as well

Sedum spurium 'Red Carpet'

Red Carpet Stonecrop

Plant Type: Succulents

Sun, Low Water

6-8" HxW, Deer Resistant

Red leaves tinged green, forms a nice carpet affect in the garden and works well in pots

Sedum ternatum 'Larinem Park'

Larinem Park Whorled Stonecrop

Plant Type: Perennial

Shade to Part Shade, Low Water

6"x 12" HxW, Deer Tolerant, low growing succulent for the shaded woodland garden, spring flowers are white star shaped

Sedum tetractinum

Fishscale Sedum

Plant Type: Perennial

Part Shade to Sun, Low Water

3"x 18" HxW, Deer Tolerant, groundcover sedum tolerates dry shade, good between stepping stones, yellow flowers, red bronze winter color

Semperuirens cv 'Hens & Chicks'

Hens & Chicks

Plant Type: Succulents

Sun, Low Water, 6" x 1' HxW, Deer Resistant

Green cabbage like rosettes with rosy tinged edges provide visual interest in the garden or planted in containers

Yucca filamentosa 'Bright Edge'

Bright Edge Yucca

Plant Type: Succulents

Sun, Low Water

3'x3' HxW, Deer Resistant, Narrow spiky green leaves with light bright yellow edges, White flowers, yuccas are great accent plants, native cultivar

Yucca gloriosa 'Variegata'

Variegated Yucca

Plant Type: Succulents

Sun, Low Water

3'x3' HxW, Deer Resistant, Wide green leaves with cream colored edges, White flowers, yuccas are great accent plants and work well in containers, native cultivar

Semperuirens cv 'Green Wheel'

Green Wheel Hens & Chicks

Plant Type: Succulents

Sun, Low Water, 6" x 1' HxW, Deer Resistant

Lovely apple green in tight rosettes provide visual interest in the garden or planted in containers

Semperuirens cv 'Silver King'

Silver King Hens & Chicks

Plant Type: Succulents

Sun, Low Water, 6" x 1' HxW, Deer Resistant

Silvery green flower like rosettes tinged with red become darker red during winter, great in rock gardens or in containers

Yucca filamentosa 'Golden Sword'

Golden Sword Yucca

Plant Type: Succulents

Sun, Low Water, 3'x3' HxW, Deer Resistant

Spiky upright leaves with gold centers and green edges, White flowers, yuccas are great accent plants and work well in containers, , native cultivar

Yucca recurvifolium

Soft Leaf Yucca

Plant Type: Succulents

Sun, Low Water, 5'x3' HxW, Deer Resistant, Grey

green arching leaves are softer than other yuccas, place these yuccas in places where other yuccas might be a hazard, creamy white flowers, native

NATIVE LIST (also in above list)

Amsonia hubrichtii

Blue Star Flower

Plant Type: Perennial

Sun to Part Shade, Low Water

3' x 3' HxW, Deer Tolerant, Tough native plant is drought tolerant, narrow leaves with yellow fall color, clusters of pale blue star shaped flowers

Aquilegia canadensis

Red Columbine

Plant Type: Perennial

Sun to Part shade, Medium Water

2'x1.5' HxW, Deer Tolerant, Native wildflower with lovely red flowers with yellow centers that resemble small lanterns, thrives in poor soils and is a good naturalizer for shady rock gardens.

Jeffersonia diphylla

Twinleaf

Plant Type: Perennial

Shade to part shade, Medium Water

1.5'x1.5' HxW, Deer Tolerant

Interesting native, white flowers similar to bloodroot in spring, deeply divided leaves, showy fruit

Asarum canadense

Native Ginger

Plant Type: Perennial

Part shade to sun, Medium Water

6"x1' HxW

Evergreen groundcover, native, dark green heart shaped leaves with pale green splotches

Aster divaricatus

White Wood Aster

Plant Type: Perennial

Sun to Part shade, Medium Water

2'x2' HxW, native aster for your woodland garden that will be covered with masses of tiny star shaped white flowers in late summer & fall

Chelone glabra

White Turtlehead

Plant Type: Perennial

Sun to part shade, High Water

2'x1' HxW

Easy to grow native for a moist sunny to lightly shaded site with elegant spikes of white flowers in late summer to early fall

Aquilegia canadensis

Columbine

Plant Type: Perennial

Sun to Part shade, Medium Water

2'x1.5' HxW, Deer Tolerant, hybrid type with lovely mix of pastel colored flowers in whites, pinks and blues, will tolerate poor soils and is a good naturalizer in shady rock gardens, native cultivar

Aruncus dioicus

Goat's Beard (Bride's Feathers)

Plant Type: Perennial

Part shade to sun, Medium Water

4'x3' HxW, Large native perfect for moist woodlands with beautiful Astilbe-like white feathery flower plumes in early summer.

Asclepias tuberosa

Butterfly Weed (Butterfly Milkweed)

Plant Type: Perennial

Sun, Low Water, 2'x2' HxW, Tough drought tolerant native with bright orange flowers, it's nectar attracts bees and butterflies, this plant should be in your garden because it is the sole food source for Monarch butterfly larvae!

Aster novi-belgii 'Raspberry Swirl'

Raspberry Swirl Aster

Plant Type: Perennial

Sun to Part shade, Medium Water

2'x1.5' HxW, Deer Tolerant

Stunning raspberry colored flowers late summer to fall, mildew resistant aster for part shade, native

Coreopsis 'Creme Brulee'

Creme Brulee Tickseed

Plant Type: Perennial

Full Sun to Part Shade

2'x 2' HxW, Native, Vigorous grower with flowers all along the stem not just on top, nice bright yellow color, attracts butterflies

Agastache 'Black Adder'

Black Adder Hyssop

Plant Type: Perennial

Sun, Medium Water, 3' H x 3' W, compact habit covered with vivid blue bottlebrush flowers from mid-summer to frost, attracts humming birds & butterflies, cultivar of US native

Echinacea purpurea 'Pow Wow White'

Pow Wow White Cone Flower

Plant Type: Perennial

Sun to Part Shade, Low Water

2'x2' HxW, Deer Tolerant, Coneflowers are native wildflowers, this hybrid type has large white flowers during summer & early fall and attracts butterflies, native cultivar

Equisetum hyemale

Horsetail

Plant Type: Perennial

Part shade to sun, Medium Water

4'x2' HxW

Bright green stems with black & tan rings, spreads, recommended for containers, native

Heuchera hybrid 'Obsidian'

Obsidian Coral Bells

Plant Type: Perennial

Part shade to shade, Medium Water, 1'x 1' HxW, Not Deer Tolerant, No wonder this is one of the most popular heucheras with rich color and shiny leaves resembling black velvet, a great performer that is heat & humidity tolerant, native cultivar.

Heuchera sanguinea 'Georgia Peach'

Georgia Peach Coral Bells

Plant Type: Perennial

Part shade to sun, Medium Water, 1'x1.5' HxW, Not Deer Tolerant, This peach of a heuchera is very sun, heat and cold tolerant, brilliant hot peachy pink to red color with attractive pink flowers, native cultivar, it is a knockout!

Echinacea purpurea 'Cheyenne Spirit'

Cheyenne Spirit Cone Flower

Plant Type: Perennial

Sun to Part Shade, Low Water, 1.5'x1.5' HxW, Deer Tolerant, Drought Tolerant, You will love this showy mix of flower colors including reds, pinks, yellows, oranges, purples and whites all summer, attracts butterflies, native cultivar

Echinacea purpurea 'Ruby Star'

Ruby Star Cone Flower

Plant Type: Perennial

Sun to Part Shade, Low Water

2'x2' HxW, Deer Tolerant

Coneflowers are native wildflowers, this hybrid type has large flat topped deep purple pink flowers during summer/fall, attracts butterflies

Heuchera villosa macrorrhiza 'Autumn Bride'

Autumn Bride Coral Bells

Plant Type: Perennial

Part shade to shade, Medium Water, 2'x2' HxW, Not Deer Tolerant, Back by popular demand because it is also one of our favorites with large green leaves and creamy white flowers, good in containers and as a landscape planting, native.

Heuchera hybrid 'Sugar Plum'

Sugar Plum Coral Bells

Plant Type: Perennial

Part shade to sun, Medium Water

1'-1' HxW, Not Deer Tolerant, Unusual and attractive plum purple color with a silvery overlay, great accent plant for containers, native cultivar.

Heuchera villosa 'Bronze Wave'

Bronze Wave Coral Bells

Plant Type: Perennial

Part shade, Medium Water

2'x2' HxW, Not Deer Tolerant, related to Autumn Bride and is equally large and vigorous, attractive shiny bronze leaves with pink undersides and creamy white flowers, native cultivar.

Heuchera villosa 'Caramel'

Caramel Coral Bells

Plant Type: Perennial

Part shade, Medium Water

1'x1.5' HxW, Not Deer Tolerant, tough yet lovely heuchera with unique yellow-orange caramel colored leaves with purple red undersides, cream flowers, sun tolerant, native cultivar.

Erythrina herbacea

Coral or Cherokee Bean

Plant Type: Perennial

Part shade to sun, Low Water

3'x3' HxW, Native legume with unique leaves, small thorns, red flowers attract butterflies & hummingbirds, showy bean shape fruit is poisonous

Heuchera villosa 'Citronelle'

Citronelle Coral Bells

Plant Type: Perennial

Part shade, Medium Water

1.5'x1.5' HxW, Not Deer Tolerant, Citronelle is a relative of Caramel & is also a strong grower with eye catching chartreuse foliage, native cultivar.

Hibiscus coccineus

Scarlet rosemallow

Plant Type: Perennial

Part Shade to Sun, Medium Water, Native

6' H x 3' W, Red purple stems and deeply cut leaves provide a tropical appearance, 6" large scarlet red flowers provide a show, happiest in a wet site but will tolerate average garden sites

Iris versicolor

Harlequin Blue Flag Iris

Plant Type: Perennial

Part shade to sun, Medium Water

2'x2' HxW, Lovely native iris with yellow throated, blue violet flowers in early summer, an emergent aquatic happy in wet places but can also tolerate average garden conditions.

Pachysandra procumbens

Allegheny Spurge

Plant Type: Perennial

Shade to part shade, Medium Water

1'x1' HxW, Deer Tolerant

Native, rare, evergreen to semi-evergreen, fragrant white to pink flowers

Eupatorium coelestinum

Wild Ageratum

Plant Type: Perennial

Part shade to sun, Medium Water

2'x2' HxW, Deer Tolerant

Fuzzy blue flowers in late summer to fall, native, spreads, attracts butterflies

Heuchera villosa 'Paprika'

Paprika Coral Bells

Plant Type: Perennial

Part shade, Medium Water

1.5'x1.5' HxW, Not Deer Tolerant, Vibrant colors in all seasons changing from bright orange in spring & fall to peachy orange in summer, silver overlay on leaves makes them pop, white flowers

Hypericum calycinum 'Brigadoon'

Brigadoon St. John's Wort

Plant Type: Perennial

Sun to part shade, Medium Water

12"x18" HxW, Deer Tolerant

Native groundcover with chartreuse to gold foliage with yellow flowers in summer

Meehanian cordata

Meehan's Mint

Plant Type: Perennial

Shade, Low Water

1' x1.5' HxW, Deer Tolerant, Native woodland spreading groundcover with spikes of purple flowers in late spring, tolerant of deep shade and grows where few others will tolerate

Mertensia virginica

Virginia Bluebells

Plant Type: Perennial

Shade, Low Water

2" x1.5' HxW, Deer Tolerant, Native woodland wildflower with lovely blue flowers in spring

Monarda fistulosa 'Claire Grace'

Claire Grace Bee Balm

Plant Type: Perennial

Full Sun to Part Shade, Medium Water

4'x 2' HxW, Deer Tolerant, Drought tolerant, Native, soft lavender pink flowers, mildew resistant, attract butterflies and hummingbirds.

Phlox divaricata 'White Woodland'

White Woodland Phlox

Plant Type: Perennial

Full to Part shade, Low Water

1'x1' HxW, Deer Tolerant

Spring blooming native, white flowers, naturalizes, excellent for woodland gardens

Polygonatum biflorum

Soloman's Seal

Plant Type: Perennial

Shade to part shade, Medium Water

3'x1' HxW, Deer Tolerant

Native, White bell shaped flowers on arching branches

Rudbeckia fulgida 'Goldsturm'

Goldsturm Black Eyed Susan

Plant Type: Perennial

Sun to Part Shade, Low Water

2'x2' HxW, Deer Tolerant

Bright gold flowers with deep brown cone from July through September, attracts hummingbirds and butterflies, native

Monarda didyma 'Jacob Cline'

Jacob Cline Bee Balm

Plant Type: Perennial

Full Sun to Part Shade, Medium Water

3'x 2' HxW, Deer Tolerant, Drought tolerant, Native, bright red flowers with sweet scent attract butterflies and hummingbirds.

Phlox divaricata 'Blue Woodland'

Blue Woodland Phlox

Plant Type: Perennial

Full to Part shade, Low Water

1'x1' HxW, Deer Tolerant

Spring blooming native, soft blue flowers, naturalizes, excellent for woodland gardens

Podophyllum peltatum

May Apple

Plant Type: Perennial

Shade to part shade, Medium Water

1'x1' HxW, Deer Tolerant

Native, 1-2 large palmate leaves per stalk, white flower with yellow center

Geranium maculatum

Crane's Bill Geranium

Plant Type: Perennial

Part shade to sun, Medium Water

1.5'x1.5' HxW, Deer Tolerant, Native, will naturalize in ideal conditions, forms nice clumps of foliage, pink to lilac flowers

Rudbeckia laciniata 'Autumn Sun'

Autumn Sun Cutleaf Coneflower

Plant Type: Perennial

Sun to Part Shade, Low Water, 6' x 3' HxW, Deer Tolerant, Bright gold flowers with green cones summer to fall, tall accent for back of border, attracts hummingbirds & butterflies, native

Sanguinaria canadensis

Blood Root

Plant Type: Perennial

Shade to part shade, Medium Water

8"x8" HxW, Deer Tolerant

Basal leaf cluster with small white flowers with yellow centers, Native

***Sisyrinchium angustifolium* ‘Lacerne’**

Blue Eyed Grass

Plant Type: Perennial

Sun to part shade, Medium Water

1'x1.5' HxW, Deer Tolerant

Narrow grasslike dark green leaves with attractive star shaped blue flowers in late spring, native

Stylophorum dipyllum

Yellow Wood Poppy

Plant Type: Perennial

Shade, Medium Water

18"x18" HxW, Deer Tolerant

Poppy-like yellow flowers in spring, good shade groundcover, lovely native wildflower that combines well with woodland plantings

***Tradescantia virginiana* ‘Snow Cap’**

Snow Cap Spiderwort

Plant Type: Perennial

Sun to part shade, Medium Water

HxW, Deer Tolerant

Grey green grasslike foliage, white flowers, spreads, native cultivar

Trillium sessile

Toadshade Trillium or Wake-robin

Plant Type: Perennial

Shade to part shade, Medium Water

1'x1' HxW, Deer Tolerant, spring native wildflower, single maroon red stalkless flower is nestled on top of the three leaves which are often mottled with shades of light and dark green

***Silene caroliniana* ‘Short and Sweet’**

Short and Sweet Wild Pinks

Plant Type: Perennial

Sun to part shade, Medium Water

1'x1' HxW, Deer Tolerant, This is a great native substitute for dianthus (pinks), long blooming with bright pink flowers in late spring, hardy and tolerant of many garden conditions, naturalizes.

***Solidago sphacelata* ‘Golden Fleece’**

Golden Fleece Goldenrod

Plant Type: Perennial

Sun to part shade, Medium Water

2'x2' HxW, Deer Tolerant

Native, fall flowering with showy gold blooms, semi-evergreen heart shaped leaves, good groundcover for part shade, native

***Tiarella cordifolia* ‘Happy Trails’**

Happy Trails Foamflower

Plant Type: Perennial

Shade to part shade, Medium Water

1'x2' HxW

Native, evergreen, white flower stalks, great vigorous running groundcover for a woodland garden

***Tradescantia virginiana* ‘Sweet Kate’**

Sweet Kate Spiderwort

Plant Type: Perennial

Sun to part shade, Medium Water

1.5'x1.5' HxW, Deer Tolerant

Lime green grasslike foliage, purple flowers, spreads, good in containers, native cultivar

Dryopteris erythrosora

Autumn Fern

Plant Type: Fern

Shade, Medium Water,

2'x2'HxW, Deer Resistant

Evergreen, new growth pink, copper & yellow, green in summer, brown in fall, native

Dryopteris marginalis

Marginal Wood or Leather Wood Fern

Plant Type: Fern

Shade, Medium Water,

2.5'x2.5'HxW, Deer Resistant

Evergreen, attractive leathery fronds are bluish green, native and hardy

Polystichum acrostichoides

Christmas Fern

Plant Type: Fern

Shade, Medium Water,

1.5'x1.5'HxW, Deer Resistant

Native, evergreen, dark green stiff leaves

***Calamagrostis acutiflora* 'Avalanche'**

Avalanche Feather Reed Grass

Plant Type: Grass

Sun, Medium Water

4'-5'x2' HxW, Deer Tolerant, Native, Arching green blades with white stripes, white flowers, great specimen or mass planting, gold fall color

***Juncus effesus* 'Big Twister'**
